

Is your baby a linguist? (Yes!)

Infants needed to participate in an important research study

Language Awareness in Infants

Even very young infants know a lot about language. We want to learn more about infants' interest in sign languages that they have never seen before.

Who?

Infants, ages 5-18 months

What?

Watch short videos of sign language

Where?

Online! In the comfort of your home

Why?

Help us learn more about how the brain understands sign languages

Other benefits?

Parents will receive a \$20 gift card.
